I refuse to be harassed by DriveTime for a breach that is complete yours from a contract with Carvana as I never had a contract with Drive time. You people want to take me to court then do it.

Simply return the waivers and I will give them to the court as I never entered into a contract with DriveTime and was discriminated by DriveTine.

Afro/American has always had an institutional racist relationship with many corporation, wherein Congress needs to enact legislation under Rico Act to include acts of discriminations, Afro-American are attacked by people that may not be "White Only" as we have in America people that will sell out American civil liberties to get ahead, and this is just one example why President Trump and our elected official's should-look into it.

You can do what you want with my credit reporting as to allow the courts to make a decision about your acts and our so called "Racist Settlement" is void as I will not and refuse to be harassed by a company for the next three years, that threatens to take me to court on a loan that I never defaulted on and made all my monthly payment.

However, it seem that you have pretended that I Defaulted, as pursuing the term and contract of January 17, 2018 with Carvana there was never a default but a claim by you people to discredit Afro-Americans to place us in a collection account and this practice against us needs to stop in America.

Copy of Amended Complaint, motion, and waivers attached at end of this correspondence.
